-----------------------	----------------------

Accessory code	D22/KIT
----------------	---------

Technical description	Kit with 4 filters. The kit of colour filters consists of four colour rings: blue, green, red and purple. They can be inserted into the cylinder which encloses the lamp. Their position inside the cylinder can be freely arranged, thus permitting a wide and surprising variation of the chromatic effect. It is therefore possible to create completely different colour combinations and play with light, getting unique and personal chromatic effects.
