

# FG series

Fixed Grip™ hand grip controllers •  
fully customizable & ambidextrous operation

## DISTINCTIVE FEATURES

- Custom configured
- Analog or USB outputs
- Rugged hand operation
- Readily available with TS series thumbstick
- Operator presence paddle option

## ENVIRONMENTAL SPECIFICATIONS

- Operating Temperature: -40 °C to +85 °C (-40 °F to +185 °F)
- Storage Temperature: -40 °C to +85 °C (-40 °F to +185 °F)
- Above panel sealing: Up to IP65 (subject to final specifications)
- EMC Immunity Level (V/M): EN61000-4-8:2009
- EMC Emissions Level: EN61000-4-3: 2006
- ESD: EN61000-4-2:2008

## ELECTRICAL SPECIFICATIONS

- Electrical Resistive Load: 5 A (subject to selected switch)
- Electrical Inductive Load: 3 A (subject to selected switch)
- Low Level: 10 mA @ 30 mV (subject to selected switch)
- Electrical Life: 1 million cycles 5 A @ 28 VDC  
Resistive snap-action (depending on selected switch)

## MECHANICAL SPECIFICATIONS

- Operating Force: 7.5 N ±2.0 N (1.69 lbf ±0.11 lbf)
- Maximum Vertical Load: 1000 N (224.8lbf)
- Maximum Horizontal Load: 600 N (134.9 lbf)
- Mechanical Angle of Movement: 40°
- Expected Life: 1 million lifecycles
- Mass/weight: 317.5 g (11.2 oz)

The company reserves the right to change specifications without notice.

## BUILD YOUR PART NUMBER

### Notes:

<sup>1</sup> 0.5V to 4.5V output

<sup>2</sup> Double pole / double throw

\* Above panel (dependant on handle configuration)

## ABOUT THIS SERIES

### Notes:

1. Dimensions are in mm/(inch)

2. Faceplate:

The FG series Fixed Grip hand controller features a modular faceplate that can be customized for specific applications. Ambidextrous for most configurations, the faceplate may be populated with a variety of thumb actuated switches including momentary pushbuttons, latching pushbuttons, two or three way toggle switches, 4 or 5 way trims and miniature proportional joysticks. Every FG faceplate is custom configured to order. Please consult APEM for options.

3. Index Trigger:

The FG series Fixed Grip controllers may be equipped with or without an index trigger switch. Index trigger configuration options include a single pole normally open momentary switch, a double pole double throw tactile switch, or a proportional Hall effect device.

Index Trigger Options: N: None M: Momentary, single pole normally open P: Hall effect, 0.5V to 4.5V proportional output D: Double pole, double throw

Fixed Grip™ hand grip controllers •  
fully customizable & ambidextrous operation

## USB OPTIONS

### USB: GAME CONTROLLER

Featuring a USB 2.0 HID compliant interface, APEM's USB joysticks are recognized as standard HID "game controller" devices. Adhering to the HID specification, APEM's USB joysticks are plug-and-play with most versions of Windows. Joystick button and axis assignments are dependent upon the controlled application.

#### Features

- USB 2.0 HID compliant "game controller" device
- Easy to install and operate
- Functions determined by controlled application

#### Supplied Wiring

USB: USB Male Type A connector with overmolded cable

### VOLTAGE REGULATOR

The Voltage Regulator is a multi-wired analog option used to mate to a variety of industrial control voltages. The Voltage Regulator may be used when the supply or output voltage is greater than 5V or when bipolar output is required.

#### User specified Output Voltage

- 0-5 VDC
- 0-10 VDC
- ±5 VDC
- ±10 VDC

#### Electrical Specifications

- Supply Voltage: (Output Voltage + 1 VDC) to 30 VDC
- Supply Current: 90mA max

### USB: CURSOR EMULATION

The Cursor Emulation option converts a multi-axis joystick output into a mouse, trackball or cursor control device. The joystick's internal microprocessor converts absolute axis position into a cursor velocity, which is translated as a relative trackball or mouse position.

#### Applications

The Cursor Emulation option is ideal for vehicle applications subjected to dirt and high vibration which makes operating a traditional cursor control device difficult. The Cursor Emulation option is widely used in shipboard and military applications.

#### Features

- HID compliant "pointing device"
- Plug-and-play with USB option

#### Supplied Wiring

USB: USB Male Type A connector with overmolded cable
